A Project of Educational Services Consortium  
Not-For Profit Foundation Since 1973  
Focusing on School Improvement & Student Success

# ON TOUR

On Tour is a collection of paintings introducing students to the world's most famous artists. These paintings reflect significant periods and styles in the history of Western art.

The paintings were selected to appeal to students while providing an introduction to art history, knowledge, and appreciation.

The On Tour book will provide students a glimpse of the artists who produced these paintings and the world in which they lived.

## Program Contents:

- \* Framed fine art paintings
- \* 2 bound On Tour books, color edition
- \* 1 CD allowing the school to print additional books as needed, color edition

## Program Features:

- \* On Tour is designed to compliment STEAM Standards.
- \* A teacher may take an entire class On Tour using one book as a teacher's guide.
- \* A teacher may provide an individual student with a book to be used as an independent study guide.
- \* All frames are numbered for easy reference using the On Tour book.
- \* Parents and community members may participate in the On Tour program.

## Quality of Frames and Contents:

All frames are custom built to last using real wood, and a long lasting mat material.

Our frames use safety glass and are supported by backing with professional hangers and wire ready for display.

All frames have brass identification plates and are numbered to compliment the guide book.
